

Bio Drain - Liquid

Biological Treatment of Fat Traps and Drain Lines

Bio Drain – Liquid is a biological treatment that keeps drain lines and fat traps free of oil and grease.

Simple and safe to use, Bio Drain – Liquid avoids the time consuming and unpleasant task of regularly cleaning fat traps and helps maintain free running drain lines.

KEY PROPERTIES

A blend of powerful liquid bacteria selected to digest fats, oils and grease (FOG) in drain lines and fat traps.

- Biological
- Labour Saving
- Removes malodours

APPROVALS

- German UBA (No 3406-0034)
- Environmentally acceptable chemical

TYPICAL USES

- Maintaining free running drain lines and clean fat traps.

TECHNICAL DATA

Appearance	White Liquid
pH	8.5
S.G. at 20°C	1.0
Bacteria Count	>1.0 x 10 ⁷ cfu/ml

APPLICATION

- For use with a Bio Technics peristaltic dispensing pump (mains or battery powered).
- Daily dosage of Bio Drain – Liquid is proportional to meals served.

<u>Meals served per Day</u>	<u>Daily Dosage</u>
400	450ml
800	600ml
1000	800ml

NB. Best used at the end of a working shift when the use of damaging caustic and alkaline chemicals has ceased.

PACKAGING

20L, 5L.

SAFE HANDLING

Store in original containers and avoid extremes of temperature.
