

Bio LF

Biological Parts Washer Additive

A new approach to industrial parts cleaning.

A powerful, low foam, enzyme rich biological cleaner that will digest its own oily wash water.

KEY PROPERTIES

A biological spray wash additive for use in heated parts washing systems. Containing liquid enzymes and oil specific bacteria, Bio LF not only cleans components oil free, it digests its own oily water!

As with all the products in our LF range, Bio LF is a low foam non emulsifiable (quick break) and rust inhibited product.

- Biological Cleaning
- Quick Break
- Inhibited

APPROVALS

- Rust Inhibited - AMS 1526B
- Separator Friendly - pr EN 858

TECHNICAL DATA

Appearance	Pale Yellow
pH	8.5
S.G.	1.05
VOC Content	Zero
Bacterial Count	2×10^7 cfu/ml
BOD/COD 5 day	75%

APPLICATION

- Suitable for use in heated (40°C Max) parts washer systems.
- Dilute to 4-6% depending upon the level of oil contamination.
- Dillutions below 1:1 are not classified as hazardous.

PACKAGING

1000Ltr, 200Ltr, 25Ltr and 4X5 Ltr.

SAFE HANDLING

Store in original containers and avoid extremes of temperature.
