

Grease Control - Powder

Removes Fats, Oils and Greases in Fat Traps and Drain Lines

An environmentally biologically active product that keeps drain lines and fat traps free running.

Designed for ease of use and for the smaller catering application, Grease Control quickly digests fats, oils and grease (FOG) reducing malodours and so reducing the need to manually clean fat traps.

KEY PROPERTIES

A blend of powerful bacterial powders selected to digest FOG's in drain lines and fat traps. Contains only one type of bacteria i.e. safe for long term exposure.

- Biological
- Labour Saving
- Removes Malodours

APPROVALS

- German UBA (No 3406-0034)
- Environmentally acceptable chemical

TYPICAL USES

- For the maintenance of free running drain lines and fat traps.

TECHNICAL DATA

Appearance	Free Flowing Powder
pH	7.5
Bulk Density	0.9
Bacteria Count	>1.0 x 10 ⁷ cfu/g

APPLICATION

- Powder
Dissolve 50gm in a 10 litre bucket of warm water and pour down drain lines weekly.
- Sachets
Dissolve one soluble sachet in a 10 litre bucket of warm water and pour down drain lines weekly.

PACKAGING

Grease Control Powder – 2 Kg or 4 Kg Tubs
Grease Control Soluble Sachets – 12 x 200 gm

SAFE HANDLING

Store in original containers and avoid extremes of temperature.
