

ONA

Odour Neutraliser

A new approach to offensive and unacceptable odours such as smoking fumes, stale room odours and prolonged cooking smells.

KEY PROPERTIES

A blend of essential oils, perfumed components and a proprietary odour neutralisation fragrance.

ONA neutralises offensive smells quickly and effectively.

Odours are removed on a lasting neutralisation basis.

Traditional deodorisers function by superimposing a stronger and not always subtle scent on top of the offending odour which at best offers a temporary solution to the problem of offensive and pervading smells.

- Hazard Free
- Lasting Neutralisation

TECHNICAL DATA

Appearance	Clear Liquid
pH	Neutral
Flash Point	Not Applicable
Classifies	Non Hazardous

PACKAGING

12 x 500ML T/Sprays

APPLICATION

- Spray lightly into the air, directing away from the body and towards the centre of the relevant odour location.

SAFE HANDLING

Store in original containers and avoid extremes of temperature.
