

pH Neutral

Kitchen Walls, Floors and Equipment

pH neutral is a hazard free detergent designed to remove fats, oils and greases (FOG's) from working surfaces, floors and walls.

Uniquely pH Neutral is a quick break detergent which will not emulsify with the fats and greases it so efficiently removes.

KEY PROPERTIES

An odourless, quick break detergent with a neutral pH.

Its quick break properties and lack of environmental risk make it ideal for disposal via drain lines to fat traps.

- Non-Tainting
- Hazard label Free
- Quick Break
- pH Neutral

APPROVALS

- German UBA (No 3406-0014)
 - Environmentally acceptable chemical
- HOCNS Europe Gold Standard

APPLICATION

- Dilute 1:20 in warm water and apply by mop, spray or wipe.

TYPICAL USES

- pH Neutral can safely be used to clean walls, floors and equipment.
